

A young child with dark skin and short hair is climbing a large, colorful play structure made of blue and red plastic. The child is wearing a light green t-shirt and light blue pants. The background shows a green lawn and trees under a clear blue sky. On the left side of the image, there are vertical stripes in yellow, green, and orange.

ALABAMA FIRST CLASS PRE-K PROGRAM

PlayExplorers

BY PLAYWORLD

 **PLAYWORLD**
PREFERRED The world needs play.

Play might be the most basic of **childhood** activities.

It's universal across all cultures. It doesn't need to be taught. Only encouraged. It lasts a lifetime and has a profound effect on the adults our children will one day be.

That's why we're excited to **partner** with you to bring play to Alabama's pre-k students.

Our PlayExplorers line of play solutions is specifically designed for infants to preschoolers. An opportunity to delight, develop and discover the world on their own terms, and in their own way, through play.

But play isn't all **fun and games.**

It's how children learn lifelong skills like socialization, communication and problem solving. Play helps develop emotional and physical skills while helping kids achieve optimal health. Our goal is to enhance the benefits of play by incorporating these pillars of childhood development into everything we make.

Social

Physical

Sensory

Cognitive

We **know** play.

- Family-owned and operated for over 40 years
- Fitness & playground equipment built to last with premium materials made in the U.S.A.
- Best ownership experience with our exclusive PlayPod™, live customer support, fast delivery, and more
- We're industry leaders in inclusive playground design
- Healthy play and fitness is designed into every piece of equipment we build
- Authentic sustainable practices create play equipment you will feel good about in your community

- Family-owned company serving the recreation industry for over 30 years
- Local, professional, customer service department
- Dedicated in-field representatives in Alabama, Georgia, North Carolina, South Carolina and Tennessee
- Design team certified by the National Playground Safety Institute
- Provider of IPEMA-certified products

Let's get started.

In collaboration with the Alabama State Department of Children's Affairs, Office of School Readiness, and First Class Pre-K, we are pleased to provide turn-key solutions for grant recipients. All of the options are turn-key priced – which includes the equipment, installation, freight, and Engineered Wood Fiber surfacing with Border Timber containment (where necessary).

Taking advantage of this offer is easy. You can purchase items as shown, or Jeff Wingo (our local sales agent) will work with you, one-on-one, to create a custom playspace, unique to your specific site and your individual requirements. We encourage you to work with your regional managers, coaches and monitors to maximize your grant dollars and to comply with any applicable standards.

We are committed to providing meaningful, innovative, and creative PLAY solutions for the children of Alabama.

Wood Fiber surfacing with Border Timber containment Required

No matter what you choose,
you'll get **PlayPod™** for free.

Access and manage your playground anytime, anywhere.

- Use the mobile app while away from your desk or use the website version in your office
- Access all maintenance and installation information, part numbers, and bill of materials
- Get support—access phone and email to customer service, as well as a list of FAQ
- Customize PlayPod to organize your information, or turn on optional features available to the community
- Community access for play tips, Facebook check in, access to videos about equipment on their playground as well as optional features like reporting problems, donations, and information about the playground

✓ We stand behind our products with a **hassle-free warranty.**

We guarantee our products to be free from structural failure due to defect in materials or workmanship during normal use and installation. If you discover a defect during a valid warranty period, we'll replace the item in question. Simple.

✓ Built so they can play **hard.**

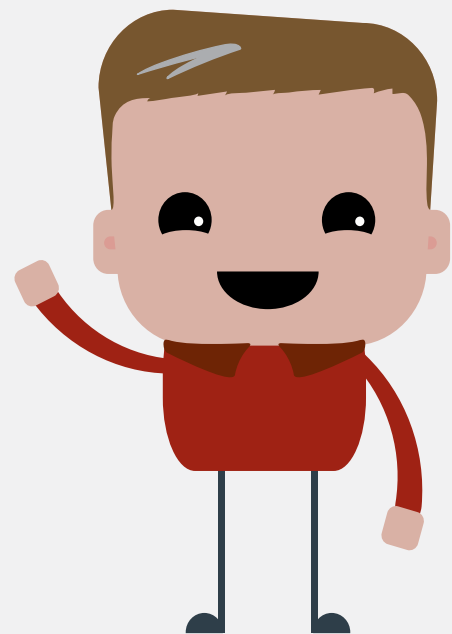

And so will their kids. And the kids after them. Our equipment is built for endurance. From structural integrity to super-durable finishes, it's all built to last.

✓ The earth is **play friendly.**
So we're returning the favor.

Our play equipment is 99.999% PVC-Free, built to last for generations and completely recyclable. We're also proud to be the only commercial playground manufacturer to receive the prestigious Cradle to Cradle™ Certified Silver Certification.

✓ We keep play **colorful.**

We offer a spectrum of colors that allows you to personalize and reflect your community pride, boost school spirit or complement the surrounding architecture and environment.
